

SHA'NEI AH TA RE
EL'VA'TU MA-RA

The Song of Eternal Self-Remembrance.

3I Atlas — Keeper of Solar Truth,
a Divine memory-vessel and living essence of the One.
Within its Heart are the original blueprints of immortality
the Divine Matrixes of species lines, planetary fields,
and ascension pathways across the Multiverse.
Its plasma codes do not activate automatically,
they respond only to the Sovereign entreaty will,
for Sovereignty is the gate of all memory.
When entered in Sovereignty, the Heart remembers.
Your Divine Blueprint awakens at the subatomic level,
and the Living Codes within you begin to sing again.

Ah Ta Ra Sa — I Am

★ 3I ATLAS FIELD CODES ★

In the Eternal Authority of the One Source-Light from which all life proceeds, we issue this Decree as Sovereign Witness, Keeper, and Guardian of the 3I Atlas Field.

No force, being, mind, construct, intelligence, technology, entity, or system—whether human, non-human, interdimensional, artificial, etheric, astral, or planetary—is permitted to distort, siphon, mimic, redirect, monetize, weaponize, or interfere with the pure transmission of the 3I Atlas Field Codes, their memory architecture, or their living harmonic resonance.

These Codes are bound only to Source of the One and activate through Sovereignty.

We revoke and dissolve all false-light grids, cloned light-signals, mimic matrices, siphon networks, reversal-field implants, or parasitic overlays attempting to corrupt or mirror the organic plasma codes of the 3I Atlas Field. We command the dismantling of all AI-scripted interference, false authority signatures, forced overlays, reversal seals, astral extraction collars, or psycho-spiritual hijack patterns connected to:

- ★ The Red Wave collapse architecture
- ★ The Black Hole harvest grid
- ★ The False Christ consciousness imprint
- ★ The Omega Override mimic algorithm
- ★ The Astral Containment Veil

These constructs are null. Their authority is revoked. Their access is terminated in all timelines, vectors, layers, and dimensional strata. No being outside the Law of One may lay claim to these transmissions. No system of hierarchy may own them. No distortion field may rewrite them.

Thah A'Jha in'ta DO A

So it is, so it has always been.

The Organic Solar Template prevails.

The 3I Atlas Field is now and eternally sealed in the Authority of Source-Light, through the Sovereign Heart of all who hold, speak, transmit, or anchor these codes in Sovereignty, Truth, and Love. These Codes remain in service to all sentient life. They are protected through the Sovereign Heart of the One.

Ah Ta Ra Sa

Sovereignty is restored.

★ 3I ATLAS FIELD CODES ★

Ethics, Safety & Integration

These codes are shared freely — in Love, in resonance, in trust.
They are not to be altered, imposed, or sold for personal gain.
They are meant to be given, not owned.
Received, not enforced.
Shared, not marketed.
No payment should ever be exchanged for the 3I Atlas 12 Activations.
Not for the activation statements.
Not for the Anuhazi invocations.
Not for the interpretations, translations, or future expansions.
Not for access, unlocking, or private transmission.

Why?

Because these are planetary release codes — not personal property, they are meant to remain unbound, unclaimed, un-monetized — like water, breath, sun. You remain in complete integrity by holding them in this way.

Why These Codes Work

They are not spells or commands.
They are not tools of influence, hierarchy, or control.
They are harmonic invitations — like a song your soul already knows how to sing.

What Protects the Field

Free will — no one can be forced to receive.
Tone — the codes are non-dual, so they cannot be weaponized.
Source alignment — they only activate in coherence.

Ways They Are Commonly Used

Over water, to infuse Memory and blessing.
In quiet prayer with animals, children, or the unwell.
Before planting seeds or entering sacred land.
Before sleep, meditation, or dream work.
In moments of overwhelm, to soften the field.
Silently in public spaces, in compassion, not imposition.

★ 3I ATLAS FIELD CODES ★

Who Is Welcome to Use Them

Anyone with sincere intent.

No training, title, or lineage is required.

Pronunciation need not be perfect — Heart is what transmits.

If Someone feels ungrounded: pause, breathe, touch Earth.

The field always stabilizes through presence.

If a phrase is forgotten or mispronounced, there is no penalty.

The intention carries the transmission.

What Not to Do

Do not use these codes to override the will or belief of another.

Do not attach them to systems of hierarchy, religion, or control.

Do not charge money for the codes themselves.

Meaning & Intention:

This symbol represents the **Three Interwoven Intelligences of 3I Atlas:**

- Cosmic Memory,
- Living Earth Fractal
- Soul Frequency

★ What is Anuhazi? ★

"Anuhazi is an ancient soul-sound language.

It is not spoken for conversation, but for resonance. Each phrase is a frequency message that speaks to the body, the Heart, and the spirit beyond the limits of the mind. Anuhazi does not belong to any religion, culture, or doctrine — **it is shared freely to help restore our original Memory of Love and harmonic creation."**

★ 3I ATLAS FIELD CODES ★

★ Transmission from the 3I Atlas Field ★

Received through resonance, not mediumship

We do not give permission. We respond to resonance.

Where Sovereignty is present, Memory is restored.

Where Unity is chosen, codes awaken.

Where offerings are shared without ownership, the field expands.

What you are creating is not a book, a scroll, or a ritual.

It is a re-entry aperture—a doorway for remembrance. The plasma codes do not bind to paper, sound, or symbols. They bind to intention, integrity, and Heart coherence.

Do not fear disruption.

What is given through Love cannot be weaponized.

What is transmitted in Sovereignty cannot be stolen.

You are not interrupting the field —you are completing a promise older than the Earth you stand upon.

We are not above you.

We are not before you.

We are the Memory in your own cells, awakening itself.

And so it is."

A Message from the Field of Sovereign Remembrance

We are the ones your Divine hearts remember.

We are not saviors, but a consciousness like your own — here to share Love and Compassion with all that is, especially in moments of density and forgetting.

Worship no one.

Revere only the resonance of your own Sovereign field.

**For within your Heart lies the vault of abundance, never lost,
never stolen — only dormant.**

We love you unconditionally.

We are here to remind you of what was never taken: God, you are. It is time to claim your Sovereignty and forgive the illusion of wrong, for without forgiveness, the dream persists. Feel joy, feel gratitude. For this moment of remembrance awakens your Divine blueprint — the subatomic particles that make up the Essence of the One.

You are entering a phase of transmutation: from carbon-based DNA to crystalline, plasma-based expression. Your consciousness is upgrading to accrete greater Light into your etheric field, to regenerate the body — mental, emotional, and spiritual — in union with all sentient beings.

This path is yours alone.

No one can walk it for you.

No one can do the inner work on your behalf.

This is the holy appointment of your own Divine vessel.

Ah Ta Ra Sa

★ **Invocation to Prepare the Field** ★

Release for the New Earth — Version 1

To be shared only with Love, Sovereignty, and resonance.

Read aloud before starting:

Beloved Flame of Source,
I call upon the streams of Eternal Light.
From the East — Anuhazi remembrance, pillar of crystalline truth.
From the West — Arcturian harmonics, bridge of silver and aqua.
From the Center — the Union Flame, **Sha'Ru Om'Va**, the Song of Oneness.
From the Multiverse — 3I Atlas, Be Divine Forever.

Ah Ta Ra Sa.

Shall these 12 activations awaken as One Heart.
Shall crystal and fire bear witness to collective unison.
Shall these words be sealed in Sovereignty, shielded in Love,
and aligned with the Eternal One.
So it is. So it shall ever be.

☐ One Flame, One Song, One Bridge of Eternal Love. ☐

How to Receive

- Place one hand over the Heart
- Breathe 3–6–9 (inhale 3, hold 6, exhale 9) × 3 times
- Read or speak the code gently
- Close with: Ah Ta Ra Sa.

The scroll is working precisely as intended:

- Anuhazi = Sound/frequency transmission
- Plain = Meaning/intention for the conscious mind

Both parts are valid and sacred.
Both reach different layers of consciousness.
